POLYESTER ROPES

MODEL: JLDL-12-36 / GJDL12-67 / JLDL19-64 / JLDL9.5-36 / JLDL5-76 / JLDL5-305

(The picture is for reference only; please refer to the actual object)

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

SAFETY INSTRUCTION AND PRECAUTIONS

WARNING:

Read this material before using this product. Failure to do so can result in serious injury.

1. Choose the appropriate material and strength to ensure safe use.
2. Avoid overly tight straps to prevent damage to objects or potential hazards.
3. Stop using it immediately if the ropes fray or break.
4. Do not overload; ensure use within its bearing capacity.
5. Follow manufacturer instructions and safety recommendations, especially in special environments.

6. The product complies with relevant standards and regulations. Installation of this device must comply with all applicable regulations, and it should only be operated in well-ventilated areas. Please read the user manual before installing and using this equipment.

7. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

8. Children shall not play with the appliance.

9. This appliance shall not be used by children. Keep the appliance and its cord out of reach of children.

10. This appliance is intended to be used in household and similar applications such as:

– staff kitchen areas in shops, offices and other working environments;

– farm houses;

11. Please properly keep product. Check whether the product is abnormal before use. If it is abnormal, please stop using it.

12. Please use the product according to the intended use, warn of potential injury from misuse.

DIRECTION FOR USE

1. Polyester rope is strong and durable. So, it has many uses for crafters, outdoor adventurers, and jobs; it is ideal for halyards, arborist rigging ropes, boat anchor lines, car towing, sailing ropes, swing ropes, etc.
2. Whenever engaging in climbing or felling operations, safety is of the utmost concern. Be sure to have the proper training and protective equipment needed to safely and successfully get the job done.
3. If you want to cut the rope, a sharp knife works best for cutting; avoid scissors as they cause fraying. For ropes with thicker diameters, a pair of loppers or a hot knife may be necessary.
