The Home Creator Way

MODEL: KCL011

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

	Warning-To reduce the risk of injury, user must read instructions manual carefully.

INSTRUCTIONS

Warning Tips:

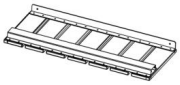

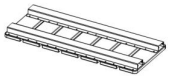

1. The maximum load - bearing capacity of the product is 550 pounds (about 249.5 kilograms). Overloading is strictly prohibited to avoid structural damage or the risk of tipping due to excessive weight.
2. The surface of the steps is designed with anti - slip grooves, but it must be installed on flat ground. Using it in an inclined environment should be avoided.
3. All stainless - steel parts or sheet - metal parts are designed to prevent sharp edges. Before use, check if there are any untreated sharp parts to avoid scratches.
4. It is necessary to use the attached bolts, washers, and screws for installation according to the steps in the instruction manual to ensure that all connected parts are tight and not loose.
5. During use, prevent children from climbing or being unattended. It is recommended that you use it under adult supervision.
6. For additional information regarding the parts listed in the following pages, please refer to the Assembly Diagram of this manual. Unwrap and separate all parts in a clean work area. Please keep small spare parts out of children's reach.
7. Product capabilities apply to properly and completely assembled product only.
8. Slippery When Wet! Use it safely.
9. Warning-To reduce the risk of injury, user must read instructions manual carefully.
10. The product complies with relevant standards and regulations. Installation of this device must comply with all applicable regulations, and it should only be operated in well-ventilated areas. Please read the user manual before installing and using this equipment.
11. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
12. Children shall not play with the appliance.

13.This appliance is intended to be used in household and similar applications such as: – staff kitchen areas in shops, offices and other working environments; – farm houses; – by clients in hotels, motels and other residential type environments; – bed and breakfast type environments.

14.Please properly keep product. Check whether the product is abnormal before use. If it is abnormal, please stop using it.

15. Please use the product according to the intended use, warn of potential injury from misuse.
