Material introduction

Process Characteristics

◆Garage Mat--Protects garage floor surface clean.
◆Absorbent felt material.
◆Tear Resistant.
◆TPE non-slip backing-Helps to keep the oil mat securely in place and prevents it from moving around.
◆Washable-simply scrub with soap, lay flat to dry, it is best not to machine wash.
◆Easy to cut-You can create the shape that fit your own garage.

EASY TO INSTALL-No tape required

◆Single-side adhesive method
Place the mat in the position.

Fix to the floor with single-sided adhesive （not provide）ordouble-sided adhesive complete.

WORNING

The product complies with relevant standards and regulations. Installation of this device must comply
with all applicable regulations, and it should only be operated in well-ventilated areas.
Please read the user manual before installing and using this equipment.

This product is flammable. Keep away from open flames, heaters, fireplaces, candles, cigarettes, and other ignition sources.
Place the rug flat and ensure edges are smooth and not curled to prevent tripping hazards.
Use a non-slip underlay beneath the rug.
Packaging materials (such as plastic bags) may pose a choking hazard to children.
Keep packaging out of reach of children.
This product is not a toy. Do not allow children to play with it or cover their heads with it.
When using carpet cleaners, follow the manufacturer's instructions and ensure the area is well ventilated.
To reduce the risk of slipping, it is recommended to use an anti-slip underlay that complies with EN 13552.
The vacuum bag and packaging materials are recyclable. Please dispose of them in accordance with local waste sorting regulations.
